

# The Prelude

October 2016

The American Guild of Organists, Toledo Chapter

## Dean's Message

Greetings! I, like many of you, are back into the swing of things with fall here. Choirs have started back up along with other activities. Our programming year got off to a great start with our event at Holy Rosary Cathedral a few weeks ago.

Brent Neuenschwander played a magnificent recital for us! And, Sue Craig shared her interesting reflections on this summer's AGO National Convention! Then, we had a delicious potluck! Both food and fellowship was enjoyed by all! Thank you to both Brent and Sue for leading the two parts of our program and to Paul Monachino for hosting the event!

In October, we have two important events. On Friday, Oct. 14, we will enjoy our progressive dinner in Bowling Green. I'm looking forward to some great food and hearing some great music played on three beautiful organs. This event is open to anyone, so please help us get the word out and invite others to join us! Contact Pam Davis (*by Oct. 3*) to make reservations for this event.

On Sunday, October 23, our chapter's annual scholarship auditions will take place at 2pm at Maumee's First Presbyterian Church. Do you know of a promising piano student who might be interested in trying the organ? Or a music teacher who may have students who could audition? The auditions are open to adults also. Please spread the word. Those auditioning for the first time can audition on piano. The auditions are open to the public; your attendance would be a great way to encourage these aspiring organists.

We, as organists should also prepare for the services we play for as if we're preparing for an audition. I know that if I'm not careful, my personal practice time can easily get slighted, forgotten or skipped due to other pressing concerns. I have found that making a dedicated time to practice and sticking to that as much as is possible really helps me. And, I have learned that it's important to not just "run through" things but to practice!

I've also found that planning in advance benefits me; I choose repertoire and estimate how long it will take me to learn or re-learn a piece. I try to choose a mix of pieces—old favorites, new selections and some challenging pieces. Of course, I try to balance that with other anthems and pieces I have to accompany. Then, I practice. Sometimes I discover I have to readjust because a piece is taking longer to learn than I anticipated, so I revise my plans. I have found that it's much easier for me to do that than to be constantly scrambling and "flying by the seat of my pants" because I haven't planned in a more timely fashion. (And yes, sometimes I still procrastinate—old habits can be hard to break! Eventually I get back on track!)

On another note, I recently attended a recital. The performer played a challenging and diverse program—and did so extremely well. On the way out the door, I overheard another member of the audience (who was impressed with the performance) comment that he would have liked the recitalist to "just play 1 hymn—just 1 hymn." There's lots that could be said about this observation. I'll leave it at that—just consider it.

God bless!

—Mark Mathias, Dean

The Toledo Chapter of the AGO is offering two opportunities to students this fall: the annual **Scholarship Auditions** and a **Pedals, Pipes, & Pizza** event. Each is unique.

The Scholarship Audition forms have been included in the last two issues of the *Prelude*. This is a fantastic opportunity for piano or organ students to receive financial support to study organ. Students in grade 7-12 or adults can receive a monetary award, enabling their study during this academic year. Deadline to submit the application is Oct. 16, with the event Oct. 23 at First Presbyterian Church, Maumee. Our chapter supports this event monetarily, and donations can be made at any time. Send your donation to Pam Davis, treasurer.

*Pedals, Pipes, & Pizza* is an event meant to introduce the pipe organ to young people and encourage them to find out more! Held at Glenwood Lutheran Church (next door to the Art Museum) this event will give kids a chance to see and hear how a pipe organ works. A flyer and registration form are included in this issue, so spread the word! Students don't have to be studying piano or organ to attend. The cost is only \$5 and includes pizza! Please mark Saturday, Nov. 5 on your calendar, and register your students early. Deadline is Oct. 21. We also will need some help from AGO members with the registration table, pizza lunch and various other activities. If you can help out, please contact Melissa Flowers or myself.

We all love the organ, and many of us have chosen careers that involve playing the instrument as a part of our work. Let's share the passion and joy we feel for the organ with young people, encouraging the next generation of organists and building a new generation of those who love and support music.

## AGO TOLEDO MEMBERS' DIRECTORY FOR 2016-17

First of all, let me extend a big "thank you" to all those who attended our September event! You gave me lots of proofreading, corrections and additions to our membership directory, and I am just waiting for a few more details before taking it to the printer. I hope to get it in the mail on or shortly after October 1, and of course we'll update the directory on the web site at the same time.

It's in my nature to be an optimist, but I have enough experience to be a realist! So, while I'd love to think that the directory is error-free, my experience tells me that isn't likely. PLEASE... when you receive your copy or when you go online to look at the new version and you find those errors, get in touch with me. I'm always willing to publish corrections. By this means we can strive toward accurate information that helps us keep in touch!

I'll plan to bring some copies to the October event (Progressive Dinner in Bowling Green) in case I missed some of you in my mailing. Hope to see you in October!
